FAMILY SERVICES

BRIGHTER Futures Start Here

ANNUAL REPORT

July 1, 2022 - June 30, 2023

When all families can build a strong foundation for their children, we all have BRIGHTER FUTURES

Dear Friends,

We appreciate your partnership in building brighter futures! Your investment in our community helps provide high-quality, trauma-informed care for all children and families, as well as more hope for their future.

Hope is the belief that tomorrow can be better than today and that we have the ability to make it so. At Sunbeam, we find many ways to collaborate with our community to provide help and hope to Oklahomans.

In 2023, we celebrated the grand opening of Metro Tech Early Education Center in Southeast Oklahoma City and the opening of Edwards Early Education and Community Hope Center in Northeast Oklahoma City, which you will learn more about in this report. Edwards provides high-quality early education, affordable and convenient mental health services, and free support groups for grandparents who are raising their grandchildren.

This past year, we also provided mental health consultation and staff training to 18 Boys and Girls Clubs locations across the metro. Additionally, we hosted statewide Conscious Discipline trainings for childcare providers. These trainings have already raised the quality of services for 14,744 children statewide. We are also excited about expanding our parenting program through Early Birds and Parenting Education services, which began in July 2023.

Together, we're building a stronger, more resilient Oklahoma where all can grow and thrive.

With gratitude and full of hope,

Chris Harrison
Board President, 2022-2023

Your Support Provides Hope

Vanessa is a caring mom who wants the best for her daughter and triplet sons. When we first met Vanessa, she was struggling with post-partum depression.

"I felt like I was in a dark place - and I've worked so hard to get out of it. I was ready to give up on myself and my kids," she recently shared about her past struggles.

By enrolling her children at our Pierce Early Education Center, Vanessa's family was connected to a caring team that supports their family's journey. This includes her Family Advocate, who walks alongside Vanessa to problem-solve, locate resources within our community, and reach her family goals.

"*Sunbeam feels like a big family,"* said Vanessa. *"With Sunbeam, I have a lot of support with my kids. They have my whole trust because they've always been there."*

Vanessa's sons have attended Pierce for three years and are reaching their developmental milestones. They spend every day in a nurturing classroom, where they learn and play in an engaging environment and build social connections with classmates.

Her daughter is soaring at the top of her class in Pre-K, thanks to the strong educational foundation she received in Early Head Start and Head Start at Pierce.

"Being a parent doesn't come with a manual," said Vanessa. *"Every day I learn something new. [Sunbeam] gives me a lot of hope to be a better mom and a better me. I look back to 3 years ago and never imagined my children would know so much or be so kind. We've raised those kids – those are our kids!"*

Founded in 1907, Sunbeam is

Building BRIGHTER Futures

with All Children and Families

> *Hope has made me a better mom and employee. I have hope on what the next step is and what my life is going to be.*
>
> - Vanessa

Edwards Early Education and Community Hope Center

On Nov. 7, 2022, more than 150 people joined Sunbeam in celebrating the grand opening and ribbon cutting of Edwards Early Education and Community Hope Center, formerly known as Oklahoma City Public Schools' Edwards Elementary.

This beautifully renovated school provides services, support, and resources for children and families in Northeast Oklahoma City. The center has 12 early education classrooms, to provide high-quality early care and education opportunities for babies and toddlers.

The community space at Edwards Community Hope Center provides onsite services to the entire Northeast Oklahoma City community, not just families who are enrolled at Edwards Early Education Center. Sunbeam provides Home Visitation services, on-site mental health services, including therapy, training, and support groups for parents, grandparents who are raising their grandchildren, and caregivers.

A big thank you to the following donors for generously supporting the $3.1 million campaign for renovations of Edwards EECHC: Arnall Community Fund, The Boeing Company, E.L. and Thelma Gaylord Foundation, Enterprise Holdings, Nedra Funk, Griffin Media, Inasmuch Foundation, Oklahoma City Public Schools, Oklahoma Department of Human Services, Presbyterian Health Foundation, Sarkeys Foundation, Angela and Pastor Derrick Scobey, Total Environment, United States Department of Health and Human Services: Head Start, and UnitedHealthcare.

> **As the leader of high-quality early childhood education in our city, Sunbeam is always looking for ways to better serve children and families. Edwards will allow Sunbeam to expand their services to help meet the needs of the Northeast OKC community.**
> **- Inasmuch Foundation Chairman and CEO Robert J. Ross**

Metro Tech Early Education Center Grand Opening

On May 25, 2023, more than 75 people attended the grand opening and ribbon cutting of the newly constructed Metro Tech Early Education Center at the Metro Tech South Bryant Campus.

Metro Tech's partnership with Sunbeam supports students attending career training and working families to help meet workforce demands in Oklahoma City.

Through this partnership, Sunbeam operates classrooms for babies and toddlers, providing high-quality early care and education and wraparound support for families. Early Head Start and Head Start services are open to Metro Tech students, children whose siblings attend Bodine Elementary School and the surrounding southeast OKC community.

> **We are constantly looking at ways to ensure our community has the support necessary to complete quality career training and build our workforce in the metro area. It was apparent from our initial survey results that Southeast Oklahoma City was lacking affordable childcare. Thanks to our partnership with Sunbeam and community support for our 2019 bond initiative, we can address this need in Southeast Oklahoma City.**
> **- Metro Tech Superintendent Aaron Collins**

Strategic Plan

Values

- Respect
- Community
- Advocacy
- Innovation
- Integrity
- Growth

Mission

Building BRIGHTER Futures with All Children and Families

Vision

Sunbeam continually aspires to be a recognized leader in early childcare and education, with specialized support for entire family systems. We consistently strive to strengthen the social service ecosystem in our communities. We seek to be advocates of the highest-quality services and ensure the sustainability of our work.

Strategy

Provide differentiated direct service delivery to young children and their family support systems, while driving excellence in practices that benefit them through partnerships, advocacy, and targeted workforce development.

Pillar 1

Expand the reach of high-quality direct service delivery to serve more families

Goal

Meaningfully increase the number of people Sunbeam serves through direct service delivery

Pillar 2

Invest in practitioner development to secure the ability to fulfill our Mission and Vision with well-qualified talent

Goal

Build a sustainable talent pipeline that yields successful practitioners in key areas of service

Pillar 3

Leverage strategic collaborations and partnerships to enhance the social safety net for families

Goal

Connect families in each community to a complete set of services that enhance wellbeing, safety, and school readiness

Pillar 4

Amplify quality impact through advocacy and financial stability

Goal

Expand Sunbeam's ability to influence external factors that broadly serve the Mission

BRIGHTER FUTURES Start Here

High-Quality Support for All Children and Families

Children Only Have One Chance at a Head Start

Research shows that promoting healthy development early in a child's life can help alleviate the need for more expensive interventions later. Additionally, scientific research shows relationships with adult caregivers build a foundation of neural connections in the brain by age 3, and this foundation has lifelong implications for health, education, and other social outcomes. According to Nobel-winning economist James Heckman, high-quality early childhood education is a better investment than the stock market.

Preparing Children for School and Life Success

As an Early Head Start provider in Oklahoma City, Sunbeam is a leader in early childhood care and education. We are committed to helping promote the physical, cognitive, social, and emotional development of young children. With the support of our community, we are able to provide families with high-quality care and education, which prepares babies and toddlers for continued growth and development. Sunbeam's early education centers and Home Visitation Program prepare children from birth to age 4 to enter kindergarten with the skills necessary to be ready for school. Sunbeam enriches enrolled families' experience by offering wraparound support through its other service areas.

During the 2022-2023 program year, Sunbeam's early education centers provided 623 children from under-resourced neighborhoods with high-quality Early Head Start and Head Start education through Home Visitation services and full-day, full-year, center-based services across Oklahoma City.

Empowering Families

Sunbeam creates a foundation for continued achievement and school readiness by building partnerships among schools, teachers, and families. Because parents are the first and most important teachers, they are involved in every aspect of their child's learning and development and have opportunities for personal and professional development.

- Family Advocates help families problem-solve, locate resources within the community, and set and achieve goals.
- Through monthly Parent Committee Meetings, families have the opportunity to meet and network with other families to share ideas and engage in discussion about their children's learning and experiences.
- Families involved in the Policy Council participate in program design to ensure their needs are being met. This includes program goals and objectives, policies and procedures, program monitoring, and program funding proposals.
- The Health Services Advisory Committee and Education Committee provide families with opportunities to assist with the guidance of health-related services and classroom curriculum activities.
- Families are invited to volunteer in their child's classroom, apply for employment opportunities, join in parent-child interaction activities, and participate in monthly parent education workshops.
- Male/Father Engagement activities are offered monthly to encourage father figures and male family members to be actively involved in their child's life and development.

> **I want to thank Sunbeam for hearing the voice of a [once] homeless mom and making her feel like she counts, because people support Sunbeam, my family and I have been given a second chance.**
> **- Sunbeam Parent Blanca**

Strong Communities

Early Childhood Services' goals are to provide high-quality learning experiences, build strong families, and promote good health and well-being. Sunbeam's goals align with Head Start Child Development and Early Learning Framework, Oklahoma Early Learning Guidelines, and Creative Curriculum/Teaching Strategies (TS) GOLD curricula and assessment tools. The five major focus areas for development are Social-Emotional, Language and Literacy, Approaches to Learning, Cognition and General Knowledge, and Physical Well-Being.

For the 2022-2023 program year, Sunbeam's early education centers and partner sites included Educare OKC, Edwards Early Education Center, Emerson's Little Wonders, Harbison Early Education Center, Hope at ReMerge, Linwood Early Learning Center, Little Hearts Child Development Center, Millwood Early Education Center, Pierce Early Education Center, Positive Tomorrows, Southwest Child Development Center, Tony Reyes Bilingual Child Development Center, U.S. Grant's Little Generals, and WovenLife Child Development Center.

Review the 2023-2024 Community Assessment

Conscious Discipline

Sunbeam worked to expand Conscious Discipline statewide in 2023. In total, 197 early childhood educators attended in-person events, which represented 24 organizations from 23 cities across the state and impacted 5,115 children. The virtual trainings had a total of 936 participants from 54 Oklahoma cities and 99 organizations, impacting 9,629 children. While expanding access to Conscious Discipline curriculum statewide, Sunbeam also deepened its commitment at each of its locations to create a compassionate learning culture.

Affordable Mental Health Care

Sunbeam provides affordable mental health services for individuals, families, and children. Highly skilled and caring staff are trained in evidence-based practices and are passionate about helping people improve their mental, physical, and emotional wellness. Staff also provide education and resource connection.

The Mental Health Program also provides Mental Health Consultation, a supportive service offered to Sunbeam's other program areas and community partners. At Sunbeam's early education centers, clinicians help teachers and parents better understand and work through behavioral issues. The clinical team also supports Sunbeam's foster families and caregivers, including grandparents who are raising their grandchildren.

Infant and Early Childhood Mental Health

This program offers therapy services to pregnant women and families with children through age 5. Sunbeam offers training in the community, which includes topics such as child development, attachment, adverse childhood experiences, and the impact of trauma on the developing brain.

7,656 Appointments and Services Provided

714 People Supported

Monitoring Results

We comply with a variety of regulations and standards, including that of the U.S. Office of Head Start's Early Head Start program (EHS), the U.S. Department of Agriculture's Child and Adult Care Food Program (CACFP), Oklahoma's Department of Human Service's childcare licensing (DHS), Oklahoma Department of Education's Early Childhood Program (OECP) as well as those suggested by the National Association for the Education of Young Children's Program Standards (NAEYC). For this report, we focus on the monitoring review conducted by the Office of Head Start.

The most recent OHS Monitoring Event was conducted by the Administration of Children and Families (ACF) from Feb 8th, 2021 to February 12th, 2021. The review identified no deficiencies, one non-compliance, and no areas of concern. An action plan process began April 6th, 2021 with a follow-up desk review the week of Dec 7th, 2021. The length of follow-up review outside the typical 120 days was due to COIVD related issues. Final notification of correction and close-out for the one non-compliance was received January 7th, 2022.

Financial Audit

Sunbeam's most recent financial statement audit examined the fiscal year ending June 30, 2023. No findings, material weaknesses, or significant deficiencies were found. The agency's financial statement audit can be viewed at sunbeamfamilyservices.org/financial-annual-reports.

***Inaugural Hope Society Member**

Shine a Light

The 9th annual Shine a Light, chaired by Kirsten and David Griffin, raised over $306,000 for Sunbeam to build brighter futures with all children and families.

Aspire Award Recipient

Kelly Gray served on Sunbeam's Board of Directors for many years, including as Board President. He spent countless hours volunteering his time in support of Sunbeam's mission and connecting nonprofits to one another, as well as other funders. Learn more about Kelly's impact in building brighter futures by clicking on this link or scanning this QR Code.

Hope Society Luncheon

Nearly $58,000 was raised at this second-annual event, which invites guests to help advance Sunbeam's mission for years to come by joining the Hope Society.

Griffin Media

Sunbeam has partnered with News 9 and Griffin Media to raise awareness about the importance of mental health - and raise donations to help build brighter futures.

Support Brighter Futures

Sunbeam partners with individuals, businesses and organizations through speaking opportunities, tours, fund drives, in-kind drives, cause marketing programs, and more!

You can help build brighter futures by:

- Donating online, by phone, check, or wire transfer
- Joining the Brighter Futures monthly giving program or the Hope Society to help provide support for years to come
- Visiting sfsok.org for all giving options, including planned gifts, contributions from donor advised funds, and gifts in honor/memoriam

Sunbeam's EIN is 73-0590119

For more information call (405) 609-2311 or email give@sunbeamfamilyservices.org.
