

🟠 International Mud Day 🟠

International Mud Day means getting messy and learning about our environment! Mud play engages a child's natural curiosity and creativity while supporting sensory exploration, physical development, and social skills. Connecting with nature and one another strengthens motor skills and self confidence as children learn to make sense of the world around them.

🟠 Stronger Together: A Grandfamily's Journey 🟠

A grandmother in northeast Oklahoma City recently found support in Sunbeam's Grandparents Raising Grandchildren program at a Sunbeam outreach event.

Our care navigator connected her to a caregiving group, counselling for her grandchildren, and essential resources. Over time, her family joined group therapy and Family Fun Nights, building new coping skills and friendships. She shared,

"I didn't know help like this existed. My grandkids are happier, and I feel stronger knowing I'm not alone."

Know a grandparent raising their grandchildren? We would love to connect.
