🌼 Special Edition: Annual Report 🌼

At Sunbeam, we believe children thrive when families have the support they need. Strong families are the foundation of strong communities, and building those foundations takes all of us.

Inside our Annual Report, you'll meet families like Crystal's, explore stories of resilience and growth, and see how Head Start and Early Head Start, mental health support, parenting programs, and community partnerships helped strengthen children, families, and communities across Oklahoma. More than a collection of numbers, this report reflects what is possible when we invest in children and families and show up for them, year after year.

🌼 25 More Foster Parents Needed 🌼

Sunbeam Senior Program Director Destyni Trayler was featured in a recent News 9 story highlighting the need for more foster parents and raising awareness of the nearly 6,000 children in foster care across Oklahoma.

All children deserve a place where they feel safe, supported, and valued. Foster parents provide connection, stability, and care during some of life's most challenging transitions.

🌼 Investing in High-Quality Educators 🌼

Professional development is one of the many ways we invest in high-quality early childhood education. We are grateful to **Oklahoma City Community Foundation** for a recent Opportunities for Children grant to support continuing staff education.

Teachers recently strengthened their skills in trauma informed practices, individualized instruction, play-based learning, and outdoor education. Nurturing these responsive learning environments lays the foundation for success in school and beyond.
